

NZ Post Address Search for Shopify Installation Guide

Make your checkout process easier with our NZ Post Address Search plugin. Customers simply start typing an address and the NZ Post Address Search will suggest results for address completion.

The benefits of using NZ Post Address Search include:

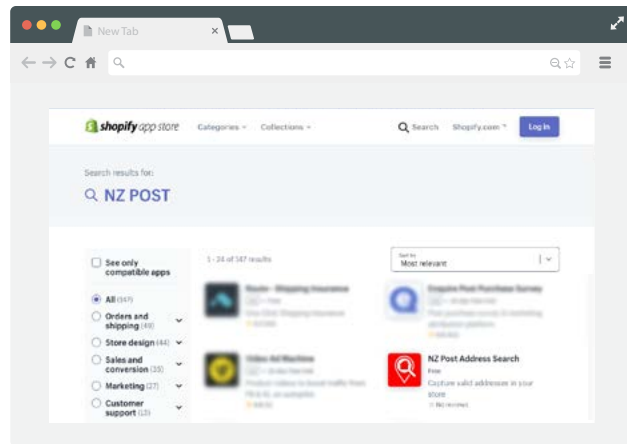

- More accurate addresses on your parcels
- Improved customer experience at the shopping cart
- Save time by reducing delivery related enquiries
- Increased speed of processing in your warehouse

Our database is continuously updated so that you and your customers have access to New Zealand's most comprehensive list of addresses. International addressing is also included and is powered by Google Places.

How to install the NZ Post Address Search plugin for your Shopify Store

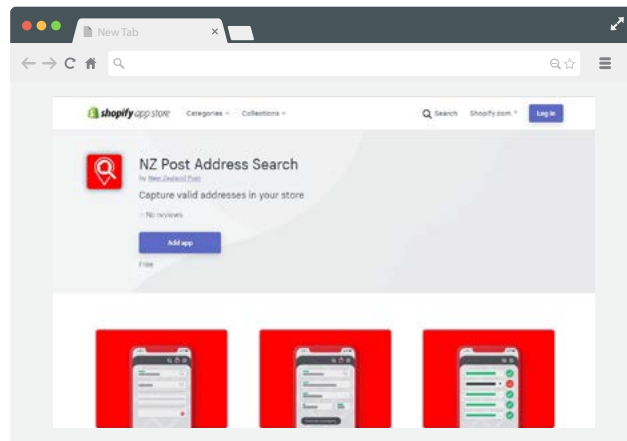

Step 1.

Visit the Shopify App store and search for 'NZ Post' or click directly to our page: <https://apps.shopify.com/nz-post-address-search>

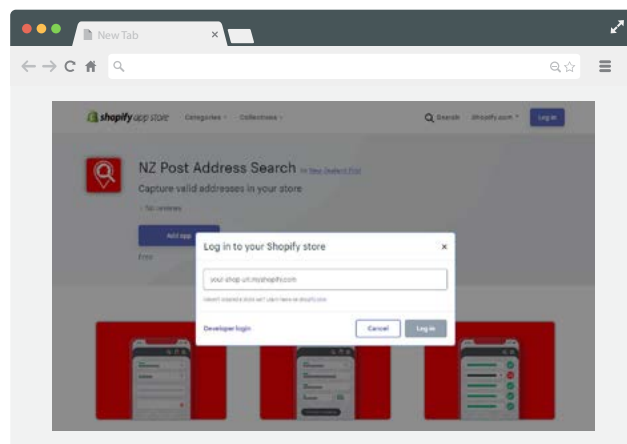

Step 2.

Click 'Add app'

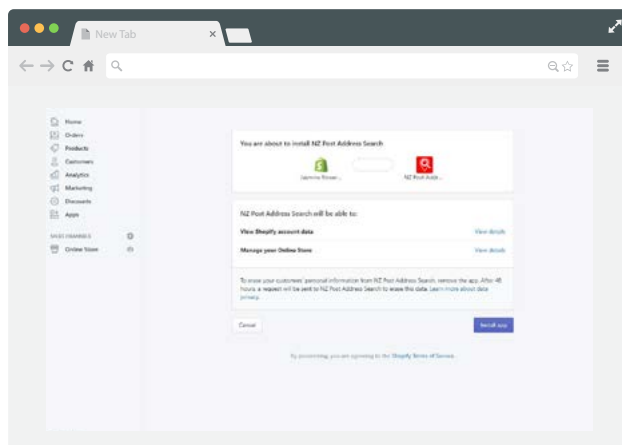

Step 3.

Enter the URL of your Shopify store

Step 4.

You will then be asked to approve the NZ Address Search App and Shopify terms before you select 'Install App'.

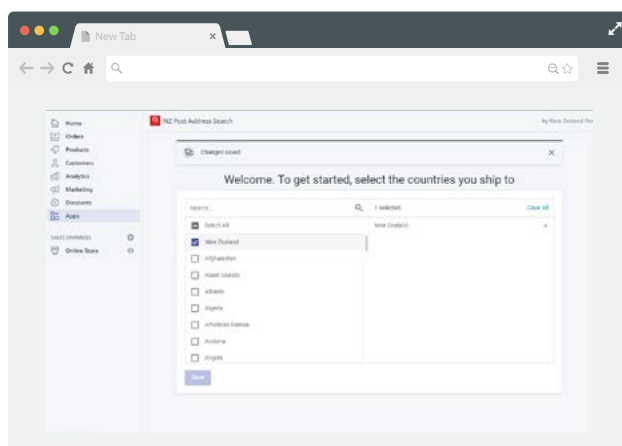

Step 5.

The NZ Post Address Search app will install and redirect you to the configuration page.

Select the appropriate checkbox for countries to deliver to and click 'Save'.

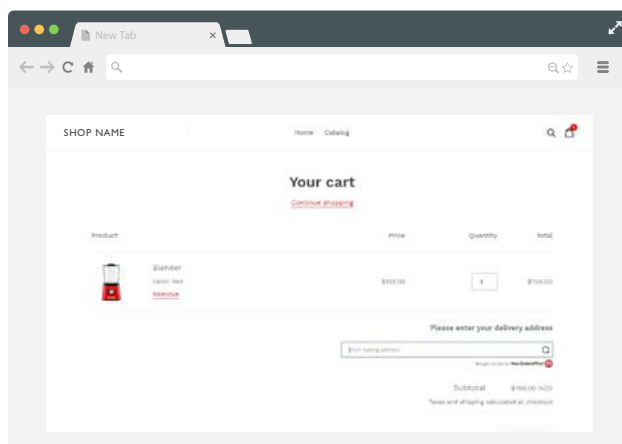

Note: The plugin will not display in store until shipping countries have been selected.

Step 6.

In the front end of your store the plugin displays on cart page with the option to search an address for the selected countries.

If the plugin does not display in your store as expected, you might need some extra customisation, please contact us for help.
